POLL SHOWS STUDENTS WANT FRATERNITIES & SORORITIES

By Pat Elero

The results of the Fraternity-Sorority poll are in and have been tabulated. The main thing that the poll shows is that CCP students are of a party-minded nature, but never let it be said that they are extravagant party-goers by any means.

452 members of the student body were asked whether they would join either a social or a service fraternity or sorority and how much they would be willing to spend per school year to cover the expenses. Cn the whole the boys were found to be more socially inclined than the girls, but the girls were more willing to join service organizations. Of the girls that were asked, 67.3% said they would join a social sorority, and 49.7% said they would join a service sorority. 75.9% of the

A student body meeting on December 15 voted to approve the Social Committee's suggestion to send the Holiday Dance profits to the U.S.C.

STUDENTS HOLD HOLIDAY DANCE

A Holiday Dance will be held at CCP on Friday, December 17, from 8 to 12 P.M. It is sponsored by the social committee which has decided to give the proceeds of this dance to the USC. The atmosphere will be livened up with music by the VIF'S. The committee also has other surprises in store for us. Tickets will be sold at the door, and no one will continued on page 4

boys said they would join a social fraternity, and 48.1% said they would join a service fraternity. To summarise these results, 71.7% of the students polled would join a social fraternity or sorority and 46.6% would join a service fraternity or sorority.

As far as the average cost students would be willing to pay to cover the expenses of a fraternity or a sorority, the girls were more frugal than the boys. The boys seemed to have a clearer and more realistic view of the high cost of these organizations. The girls were willing to spend an average of \$23.12 per school year to cover the costs, and the boys were willing to spend an average of \$31.44 per school year to cover the costs.

The poll was taken by continued on page 3

DEAM CLARIFIES DRESS POLICY

Cn December 8. Sherwood stated that the administration plans, at present, to add nothing to the already existing policy as stated in the handbook regarding dress regulations. Dean Sherwood assures students that the administration will stand behind any student who believes an extremely unjust code of dress is being imposed upon him by a faculty member. He also added that the administration will back any teacher who imposes any code which will further the academic and vocational education of a student.

If any student feels that he is being treated unjustly, he should talk to the teacher imposing the policy. If he still continued on page 3

PRE-REGISTRATION BEGINS JANUARY 3

By Faith Catrambone
Mrs. Lynn Dalla, Recorder, announced that
pre-registration will be
held during the week of
January 3rd. Students will
be assigned a day to reg-

ister.

Selection forms will be available the last week of school (December 15-17) Students are advised to plan a program for the next semester. When they have made out their roster cards, they must get it signed by their advisors. These roster cards, as well as the selections forms, will be available at the switchboard (the large round desk in the lobby). Students must see their advisors and get their cards signed before Friday.

When classes start again in January, students will bring their roster with them on registration day. Students will register at the registration counter, the long table in front of the admissions office. This registration will insure enrollment. As classes close, during registration, the information will be posted on bulletin boards. When the new semester statts students will pick up the certificate of registra-

Advisors will have scheduled office hours.

Mrs. Estilow, Dean Richards' secretary, will have the schedule, and each advisor should have continued on page 2

FEBRUARY 9, 1966

Library Opens With 6,000 Vols.

On February 7th, the first day of the spring term, our library opened. It will be open Monday through Thursday 8:30 a.m. to 10 p.m., and Friday 8:30 to 5:30 or 6:00 p.m.

As outlined by Mr. Gotlobe, the Librarian, the main purposes of the library are to provide publications needed by the students for reference and course requirements as well as the general interests of the faculty and stu-

dent body.

At its opening, the library contained over 6,000 volumes. These volumes were selected to complement the courses offered at Community College. Mr. Gotlobe also pointed out that by September 1966 the library will have grown to better than 10,000 volumes. By the time the college is accredited in 1967, there will be over 20,000 volumes. This increase in volumes will approach the library's capacity of approximately 80,000 volumes in the future.

He also explained that the library will not be able to fully eliminate the necessity to use other libraries. However, through the Inter-Library Loan System and its own facilities, the college will try to answer any student's questions, solve any problems, and acquire any publication which is not available on the premises. As of date, a definite loan policy has not yet been established. Nevertheless, Mr. Gotlobe says that the loan period will range somewhere between one hour to a month, depending on such things as the demand for the book and the number of copies available.

SGC Constitution Nears Completion

The constitution shall be completed and ready for student vote early this semester. There are still some spaces to be filled and problems to be ironed out, but the basic foundation has been chosen.

As of this date, the Government Committee sees a unicameral government. There shall be a President, Vice-President, Secretary and Treasurer who will be elected at large by the student body. There will also be fifteen representatives elected departmentally on a percentage basis. These later students will compose the Senate "which shall legislate on all matters regulating student activities not academic in nature..."

The student government members will be in office from September to June. They will be elected from our sophomore class. Our first election will be an exception to this rule. Officers will be elected in February of 1966 and their term of office will terminate in June of the same year. This will facilitate the smooth transition of office in the comming years.

EDITORIAL

DRESS CODE

The majority of CCP students dress neatly and appropriately, yet some faculty members consider it necessary to initiate a dress code for our school. College is supposedly an institution which teaches the student to think for himself and to gain a greater knowledge and understanding of his world. A dress code dictated to the students by a few faculty members is not consistent with the idea of freedom of thought.

The instigators of this dress code assume that the Secretarial students are a unique group which needs its own code of dress. The faculty is forgetting one important fact: the girls in the Secretarial course are not secretaries; they are college students. As such, they should be permitted to dress in the same manner as the rest of the school.

The students do appreciate that the faculty takes an interest in student affairs. We ask, however, that the faculty control its zeal when it comes to dictating to us on non-academic matters.

MONEY FOR U.S.O.

There is a great deal of confusion surrounding the donation of the profits of the Holiday Dance to the U.S.O. ...hen the Social Committee made this decision, they did not anticipate any opposition from the student body. However, when some students questioned the right of the Social Committee to disburse student funds, an open meeting of the student body was called. At this meeting it was voted to send the profits to the U.S.O. for use in Viet i an.

In earmarking the funds for soldiers in Vict Man, the Social Committee was not expressing favor or disfavor towards the war in Viet Ham. To quote a member of the Social Committee, "Cur boys are over there and there's nothing we can do about it. Te're just trying to make things a little easier for them."

The Social Committee realized that there are many charities and organizations which would appreciate more funds. It was noted at the meeting, however, that the mon in viet Nam are closer to us because many are our age, and some are even friends or relatives. This is our way of saying "Herry Christmas" to them.

LIBRARY TO OPEN IN FEBRUARY

By Serge Kotar

Mr. Jack L. Gotlobe, the school librarian, reports that the library will be open in time for the new semester. Work is being completed on the physical facilities located on the first floor on the Eleventh side of the college. Prior to the official opening, the faculty will be given a week to examine the collection as a whole, which will not be possible once it is open to circulation.

The primary purpose of the library will be to supplement and extend educational opportunities in the courses presently offered. Mr. Gotlobe pressed the hope that the library will become an information source for both students and faculty. All material required for term papers, research projects or supplementary ing should be available. If for some reason, this is not the case, the .library staff will do their best to acquire the mater-

The library staff: will also aid students and faculty in gathering general information. Technical reports and various types of statistical data will be supplied through books, periodicals and files assembled for that purpose.

Established with the expressed purpose of contributing actively to the broad educational experience of CCP students during their stay at the college, the library is also designed to provide the necessary experience in using library resources to those who expect to transfer to four year schools.

STUDENT GOVERNMENT AT CCP

By Bob O'Kane

When one thinks of the "Wheels of Government" one does not normally think of speed. Such is the case of our Student Government-the wheels are turning, so slowly. We asked Steve Marusak (Chairman of the Student Government Association) to explain the work presently being done on the constitution and why things appear to be moving so slowly. He listed four wheel-coggers: (1 Poor attendance at meeting: (2) Adopting a constitution to a two year college; (3) Slow response from other colleges concerning constitutions; and (4) Writing a constitution that will serve 700 scudents now and 10,000 students five years honce.

The work is still going on, but at present we can envision a Student Congress composed of an elected representative from every English class in the school. This unit would weigh the merits of any student proposals and serve as a mode of communication among the faculty, student body and extracurricular activities.

There will also be a Student Senate, a smaller group composed of Representatives from all departments. This will be in accordance with the size of the department-Arts and Sciences with 500 students might have five Representatives, Business with 200 might have two, Secretarial with 100 would have one and so on. This Senate is vital to harmony among the students, faculty and administration. There concepts have origiated thus far; the details are still being worked out in Student Government.

CLARIFICATION

(Continued from page 1) cannot understand its value to him, a faculty advisor or counselor might be able to aid him in solving the problem. After these means have been exhausted, the administration will aid in the prob= lem, if it still exists.

STUDENT RECEIVES LETTER FROM VIET NAM

The following letter of thanks came this month from An Khe, Viet Nam to Diane Ashton, a student in the Arts and Sciences program. The message of grata itude was in return for a Christmas card sent by Miss Ashton through "Mail Call, Viet Nam," a local project to send holiday greetings to U.S. servicemen in thay area.

Dear Miss Diane Ashton,

Thank you sincerely for the letter I received to-dight (Mail Call, V.N.). You can't realize how much it means to myself and the other guys to get a letter from someone who cares we're here. Now we know that all college students don't demonstrate and burn draft cards.

We just got back from a firing mission near Plei Me today. We didn't get hit too hard. I think we only lost seven guys. I suppose we shook Charlie Cong up, at least I hope so.

... Over here the leaves never turn color and it's at least 90° every day.

Whew, and the bags they've got over here. I swear they could carry a man away. There is a say, ing "If it's a plant, it has thorns; if it's an animal, it's poison."

I guess I better stop will weaken the power of now and try to get some student organization in a sleep, Chase the bugs and other unvelcome visitors out of my foxhole and hope it doesn't rain. Thanks again for the Christmas cause animosity among out card.

EFTTERS TO THE EDITOR

FRATERUITIES AND SORORITIES

The Cornunity College of Philadelphia is a school not yet enhanced with a character of its own. Our ideals seem to stress those of a society dedicated to democratic liberalism and full rights for all, and it is for this reason that I am against having acsystem of private ethnically oriented fraternities in our college.

The fraternity system, so strong during times past, seems now to be dying out slowly but surely. Now more than ever, we need a strengthening of man's common bonds of brotherhood, and it is my belief that the fraternity system pulls these bonds loose and weakens the ideals we are hopefully striving for.

The fraternity is an organization dedicated to, (among other more worthy causes) discrimination. Now, no one is advocating a complete disassociation with one's ethnic origin, but I do not feel that an official system of fraternities, those that allow in only "certain" people with reference to their cultural backgrounds, race or religion is the answer to our social delema.

Grouping together into specific social groups will weaken the power of ment of a fraternity systen will create gaps and cause animosity among our student body. Let's keep our student body strong and whole regardless of our various backgrounds, and in so doing I believe we'll all begin to understand our follow students and ourselves that much better.

Joshua F. Cohen

U.S.C.

I don't know who came up with the suggestion to donate the proceeds of our Mixer to the U.S.C., but it certainly was a thoughtful suggestion.

Having been personally connected with the U.S.O. for some four years, I know the great importance of this organization to

us only think of the U.S. O. when we see the Bob Hope U.S.O. tours at Christmas; however, those boys are out there 355 days a year, doing the most important job in the world, keeping us free.

These funds that we are donating won't have any great impact on the budget of the U.S.O., but every penny will be put to good use for the benefit of "our boys" for some of the comforts of home.

I guess that we all pay particular attention to the armed services in time of crisis. However, do we ever think of the lonely G.I. spending his first Christmas far from family and friend, or maybe his girl? The U.S.O. take him home, but it can help bring a little bit of home to him. The choice made by CCP was a good one, and I'm sure it will be met with heart-felt thanks by our servicemen.

DRESS REGULATIONS
These restrictions in-

fringe on our personal liberty. We are at an age where we know how and what to wear. We attend this college because we want to better our minds, not our fashion wardrobes.

To the faculty members who impose these rules we wish to say that this is our school, not the faculty's and, in all due respect, we are the ones to make the laws and see to it that they are carried out. Therefore, we urge the student government to refuse any offers of dress regulations in our constitution.

CHRISTMAS CAROL 1965

By Edd McDevitt

Walking down Market Street last July fourth, I was approached by an aging gent (age about 900) who was wearing a dirty white Tshirt (whith spaghettistains), red swim trunks with white fur around the legs. His ravishing ensemble was completed by a white beard and a mop that made the Beatles look like marine recruits. Well, anyway, this joker holds out a glass bottomed pewter m u g (empty of course) and begins to give me some cock and bull story about eight starving reindeer. What the #%&@# is this. was my startlod reply. Looking as though I had stabbed him in the back, he retorted, with unbelievable sincerity and dramatics, "My dear man, where is your Christmas spirit?"

"Christmas??" said I.

To which he replied, "Look about you. Christmas is in the air."

This guy is a NUT, I was thinking. It's 94° and he's telling me Christmas is in the air. Ch well, I'11 humor him.

Well! What do you see," he asked again.

One of Philadelphia's finest, ticketing an illegally parked sleigh," I replied.

"Not that, stupid," he retorted, rather angrily. "Look again."

STORY OF THE

FIRST CHRISTMAS

By Elisa Bongiovanni

The idea of a Christmas tree at CCP was planted quite a few weeks ago at a lunch table. Bob O'Kane, the quiet fellow with a smile, received the ultimate in acceptance when he suggested decking halls. Quickly I entered into a 'treeship' with Bob and then into Mrs. Grip's office. Permission was

The story from here on is one of Bob's success. He secured the tree from Atlantic Refining 0 i 1 where he works part time, and the Chestnut Street Businessmen's Association who baided Bob in securing the mednaments and decoratic-ns. All tree ornaments vere donated by Foland's urniture Store and A. Pan-

So I did. My amazement at what I beheld was expressed through a staccato of colloquial verbiage, which flushed the face of a passing sailor.

To this day, I don't believe what I saw. All the fine stores in the "city of Brotherly Love" had completed putting up their Cristmas decorations and one sign read, " Cnly twelve more red clover, days 'til Cristmas."

I was startled, befuddled, and declassed --- what was happening to me? Was Allen Funt playing games? Maybe I was the star of a Rod Serling teleplay. I closed my eyes, and when I opened them the old boy was standing with his U of P pewter mug and a questioning look.

"O.K.," I screamed, "Here"s a finn, go pay your parking ticket," I broke into a run, and kept running until I was at my mother's apron strings, telling her of my adventure. She wouldn't believe me. My father wouldn't believe me. Dr. Spock said, "Sure son, I believe you." But he didnot. And to play with the words of Holden Caulfield, "Things will be different, when I get out of here next month, you'll

At its opening, the library contained over 6,000 volumes. These volumes were selected to complement the courses offered at Community College. Mr. Gotlobe also pointed out that by September 1966 the library will have grown to better than 10,000 volumes. By the time the college is accredited in 1967, there will be over 20,000 volumes. This increase in volumes will approach the library's capacity of approximately 80,000 volumes in the future.

He also explained that the library will not be able to fully eliminate the necessity to use other libraries. However, through the Inter-Library Loan System and its own facilities, the college will try to answer any student's questions, solve any problems, and acquire any publication which is not available on the premises. As of date, a definite loan policy has not yet been established. Nevertheless, Mr. Gotlobe says that the loan period will range somewhere between one hour to a month, depending on such things as the demand for the book and the number of copies available.

SGC Constitution **Nears Completion**

The constitution shall be completed and ready for student vote early this semester. There are still some spaces to be filled and problems to be ironed out, but the basic foundation has been

As of this date, the Government Committee sees a unicameral government. There shall be a President, Vice-President, Secretary and Treasurer who will be elected at large by the student body. There will also be fifteen representatives elected departmentally on a percentage basis. These later students will compose the Senate "which shall legislate on all matters regulating student activities not academic in nature. . ."

The student government members will be in office from September to June. They will be elected from our sophomore class. Our first election will be an exception to this rule. Officers will be elected in February of 1966 and their term of office will terminate in June of the same year. This will facilitate the smooth transition of office in the comming years.
